25X1

1. Contractor shall install and/or furnish kits of parts for installation of one (1) each VHF Radio in the aircraft called for under Item 2. The radios shall be furnished as GFP.
2.
3. Contractor shall install and/or furnish kits of parts for installation of Anti-collision lights on all aircraft.
4. Contractor shall fabricate and deliver to the Government one (1) additional aircraft S/N 390. This aircraft shall be manufactured by utilizing spare assemblies and subassemblies, components and spares to be furnished by the Government as GFP. The balance of material required shall be procured and/or fabricated by the Contractor. Said aircraft shall be in a configuration suitable to accomodate the "C" configuration. Inspection and acceptance shall be in accordance with the applicable provisions of this contract.
5. Contractor shall provide the necessary engineering and development and fabricate one (1) prototype of an Ejection Seat suitable for installation in all aircraft called for under Items 1 and 2 and be interchangeable with present "Fixed" type seating arrangement.
6. Contractor shall install and/or furnish kits of parts for installation of an AN/ARA-26 Keyar in the six (6) aircraft called for under Item 2.
7. Contractor shall install and/or furnish kits of parts for installation of a Voice Recording capability with the use of System I for all aircraft, however, contractor shall furnish only twenty-two (22) filters for installation with the above kits.

8

9. Contractor shall install Government-furnished AN/ASN-6 and RADAN Navigational components in four (4) aircraft S/N's 376, 380, 386 and 388. This installation shall be compatible with the System IV installation presently in the aircraft and Contractor shall demonstrate same during flight testing.
10. Contractor shall design and fabricate and install a Weather Package in aircraft S/N 368. The Government shall furnish as GFP a RADAN Navigational Set, certain recorders, psychrometers and such other items of equipment and instrumentation as agreed to between the Contractor and the Contracting Officer.
